No A5-3605/60-61 dtd 2 12 62

Requests sanction in the circumstances stated to an estimate for Rs 32,400 for effecting improvements to Bestangere area and for the formation of extensions at the place, the cost being met by Govt and the Local Municipal Council in equal proportions — a loan of Rs 12,000 repayable in 12 annual instalments from Govt to the Municipal Council in order to enable them to meet their portion of the cost

1) The cost of effecting several improvements to the Bestangere locality is estimated at Rs 27,125 While the cost of forming new extensions by requiring an extent of 26 1/2 acres of land @ Rs 5,275 the total cost works out to Rs 32,400 which is proposed to be met by Govt & the Local Municipal Council in equal proportions The Govt share of the cost amounting to Rs 16,200 will have to be given from out of the T.D Grant for the Municipality

Municipal quota of Rs 16,200 is proposed to be met as follows

Amount deposited Rs 1,500
To be raised as the closing balance 2,700
3 "Loan proposed to be raised Rs 12,000
(From Govt)
Total Rs 16,200

3) The loan would be repaid in 12 annual instalments with interest at 6 1/2 % and manner of possible The sale proceeds

Town Improvements to Malavalli town

from the sale of 160 sites proposed to be formed in the extension are estimated at Rs 14,000

(c) The following are figures indicate the financial condition of the City for the Current year

Investments Rs 5440-1-9

opening balance 3486-0-
Gross income Rs 25753 Normal income Rs 23118
Expdr 26,452 " Expdr 20452

Closing balance 2785

According to these figures the Normal expenditure is less than Normal income but the closing balance is below the statutory minimum The arrears of Mohtarfa taxes amount to Rs 8437 The Municipal has not raised any loan from Govt so far

5) The proposals for which sanction is sought are the following

1) Estimate for Rs 32,600 the Cost of which by Council the Local Municipal Council is equal proposes the Grant of Rs 16,200 from the T I Grant for the current year towards the Govt share of the Cost

3) Grant of a loan of Rs 12,000 to the Municipal Council repayable in 12 annual instalments without interest the balance of Rs 4,200 be met out of the Municipal funds

10) (1) The plans for the clearing of the Basthagere area appears to be suitable. The estimate for this improvement scheme, contains a provision of Rs 10 000 for acquisition of sites in the old town. This amount may perhaps be reduced by compensating the owners of old houses with sites in the new extension instead of paying the ground value in cash

11) (2) The plans for the proposed extension is objectionable for the following reasons:

(a) The Main Road (Mysore Madalur) is interrupted by seven cross roads for a length of only 320 yds, i e one obstruction of traffic every 46 yds

(b) The Housing Streets do not form at right angles. The result will be traffic difficulties and several useless triangular sites

(c) Sites of 40' × 80' are too narrow for a rural area where the ground should be kept cheap Sites in the extension ought to be about 60' × 90'

36) The Sanitary Engineer has prepared two estimates for the following works to be taken up in the Malavalli Town Limits -

1) Improvement of Bestagere area by acquiring lands & undertaking formation of roads & conserving lands & constructing drains Rs 27125-

2) Formation of a new extension by acquiring certain Survey numbers 28 acres Rs 7016

Total Rs 34,141

(A) This estimate has been sanctioned by the Chief Engineer for Rs 34140/- and is in Sanction

37) The proposal is that half the cost of the scheme may be met by the Govt and the other half being met by the Malavalli Town Municipal - This is for approval

38) The Deputy Manager has recommended that the E & P charges amounting to Rs 379-/- may be waived The chief engineer is not in favour of this proposal and his opinion may be accepted

39) According to the Sanitary Engineer's estimate 28 acres of land would be acquired

and the site plans. It is stated that 3 persons have already deposited as deposit. This expects that a sum of Rs 14000/- would be realized by the sale of sites. As this is a commercial proposition it is not necessary for the Govt to bear half the expenditure. Hence this amount may be entirely met by the Municipality. An advance of Rs 7000/- may be given, subject to adjustment immediately after the sale of the sites. It may carry interest at 4½%.

4) If the above suggestion is accepted then the question of financing the estimate of Rs 27145/- remains to be solved. Melvathur is said to be most congested area & requires to be opened up. As this is a question of slum clearance half the cost of the estimate viz Rs 13563/- may perhaps be given by the Govt as a Govt grant and the Municipality may meet the other half. The Govt share may be met out of the Improvement grant for 1943-44.

This for orders.

111) In order to enable the Melvathur

improvement works in the Malavalli town

Town Mlcl to meet the cost
the grant of the loan of Rs 1 crore is
recommended. It would be repayable in
12 annual instalments with interest at 4½%
The amounts proposed to be paid ever
year are on the assumption that the
sale proceeds of ~~the~~ things be kept apart
The financial condition of the Mly
is very unsatisfactory and it will
not have any surplus money left after
defraying the charges every year. To pay up the
instalments from the amount could
be paid out of the sale proceeds of lots
there. The loan of Rs 1 crore may be sanctioned
Any balance left after such payment
the Mlcl, should reserve some revenue
for the repayment of the loan till completely discharged

4) The Govt legal may be consulted, before the
loan is sanctioned

Subject - The grant of a loan of Rs 15,000/- to Malavally Town Municipality for formation of an extension

---

Adverting to your letter No L 2131/M1 110-41-2 dated 9-9-41 calling for estimates and plans for the proposed extension in Malavally Town, I have the honour to forward herewith the plans and estimates for formation of extension including improvements to Bestargeri area in Malavally Town received from the Director of Public Health in Mysore with his letter No C 338-16/41-42 dated 28-9-42 The estimated cost for the two works comes to Rs 32,400/ as explained in detail in the report accompanying the estimate

2 As regards the formation of the extension, the President Malavally Municipality reports that 140 sites will be formed in the extension by acquiring 26½ acres of land The estimated cost of acquisition and layout comes to Rs 5,275/- The President further reports that on an average Rs 100/- is expected to be realised for each site and that 30 persons have already deposited Rs 50/- each He expects to realise a sum of Rs 14,000/- by sale of sites

3 As regards the improvement of Bestarrere, the Director of Public Health intimates that this part of the Town is so -

so irregularly laid out and that houses are so much crowded that no cart can go inside even to remove the rubbish and clean the streets and the sanitation is therefore very bad The unhealthiness of the Malavally Town is mostly due to the insanitary condition of the Bestargere and leading of the Irwin Canal water to Malavally Tank The Director of Public Health further is of the opinion that the drainage should first be provided to this part of the Town An estimate for Rs 27,125/- has been prepared for the drainage scheme and slum clearance in Bestargere

4 With regards to the provision of funds for the above schemes the Municipal Council Malavally propose to take a loan of Rs 12 000/- to pay their quota and request Government for a grant of Rs 16 200/- i e moiety of the cost out of the Town Improvement Grant for 1942-43 It is seen from the report of the President (copy enclosed) that a sum of Rs 1500/- was deposited in August 1941 for acquisition of lands and that the balance of Rs 2700/- would be paid out of the closing balance for the same purpose Thus the Municipal Council would be paying their quota of Rs 16,200/- as in the margin towards the above schemes

Loan applied for from Govt	Rs 12,000/-
Deposit already made towards cost of acquisition	1 500/-
Amount proposed to be deposited for the purpose	2 700/-
Total	16 200/-

5 As regards the repayment of the loan proposed to be taken by the Municipal Council, the President reports that the Council have resolved to repay the loan in 12

12 annual instalments If th sites are old in one or two years and the anticipated amount i realised, they would be ready to repay the loan in full even earlier

6 In this connection I wish to invite your kind reference to this office letter dated 12-8-1941 wherein the necessity and urgency for taking up this schemes are fully explained

Flag I

7 I therefore, re ue t you k n ly to obtain sanction of Government (1) to the grant of a loan of Rs 12,0 0/- rep yable in 12 annual instalments and (2) to the payment by the Municipal ou cil the sum of Rs 2700/- tow rds ac uisition char es out of the closing bala ce and (3) to grant a sum of Rs 16,200/- (Government's share of the sc es) out of the Town Improve ent grants for 1942-43 the entire sc e may kindly b sanctioned

Subject Improvement of Bestargeri area and formation of extension at Malavalli Town

- - -

With reference to your letter No L 8005/M1 111-42-9 dated 13th February 1943 calling for revised proposals regarding the formation of extensions at Malavally etc , I have the honour to forward herewith the revised plans and estimate received from the Sanitary Engineer in Mysore with his letter No 1852 dated 26-5-43 for favour of kind perusal

The Sanitary Engineer has stated that the plans and estimate have been revised as suggested in your letter referred to above The modified estimate is for Rs.34 141/-

As already recommended in my letter of even number dated 2-12-42 I request you kindly to obtain sanction of Government for the grant of the loan applied for by the Municipal Council As the Municipal Council has agreed to bear half the cost of the entire scheme I recommend that Government may be pleased to grant the other half of the estimated cost viz Rs.17,070-8-0 out of the Town Improvement grant for 43-44

In the estimate provision of Rs.3,795/- has been provided towards Establishment Tools & Plant charges In view of the slender resources of the Municipality, Government may be pleased to waive these charges

The work being of an urgent nature, I request you to obtain sanction of Government for the entire scheme & for the loan and grant prayed for by the Municipal Council

Sir

With reference to correspondence with your letter no RS 3605/40-41 dated 6th June 41 submitting a revised estimate amounting to Rs 34,141 for the execution of certain improvement work etc in Malavalli town I am directed to state that as the financial condition of the Malavalli Town Municipal Council is not sound, it will not be able to repay an instalment of the loan asked for from

Govt for the above purpose

As regards the question of the formation of a new extension by acquiring certain Survey numbers, the Municipal Council may proceed with the said acquisition and the Govt will be prepared to advance a loan of Rs 7000/- at 4½ interest on the condition that the loan is repaid in one lump by the Municipal Council after the sale of sites proposed to be formed in the extension is effected.

The work of improvements Basteliere cannot be immediately taken up under the present conditions. It can conveniently and profitably wait till the sites are sold, and the amount derives as profit from the sale of lands used for effecting the necessary improvements to Basteliere. The records are herewith returned.
